Valko Rybak, also known as the Kingfisher, is one of the most famous individuals in the Kingdoms. An itinerant traveler with no known home, he wanders the Kingdoms offering his services to poor and rich alike. He offers aid when someone needs to be acquired alive, whether that means rescuing someone kidnapped or lost, or catching a criminal on the run. He typically refuses any offer of payment, and he does not kill. A real folk hero.

Took Rikka Oathkeeper under his wing during his trip to Granite Hills.
